

OVERVIEW OF THE NEW CAP-MR/DD WAIVERS

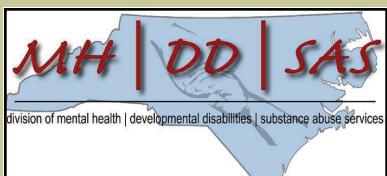

NC Division of Mental Health, Developmental Disabilities and Substance Abuse Services

Why 2 waivers?

- To offer a more individualized service array.
- To serve more people.
- To manage costs.
- Greater flexibility in service delivery.
- Increase in the number of individuals served.
- Ongoing learning about how we can better serve individuals with developmental disabilities in NC.

How will we transition from the existing waiver to the 2 waivers?

- Training will occur prior to implementation.
- Information will be provided to the system/stakeholders.
- Case Managers will meet with individual participants/families.
- Waiver selection will be based on current Plan of Care and Cost Summary.
- There will not be a termination or suspension in services or supports.

OVERVIEW OF THE NEW CAP-MR/DD TIERED WAIVERS, Continued:

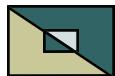

CONSISTENT ACROSS BOTH WAIVERS

Focus on Person Centered Planning/ Standard PCP Format

Within a PCP, individuals will have:

- ◆ Meaningful input into the design and planning of the service.
- ◆ Information about services, how to access them and how to voice complaints.
- ◆ Easy, immediate access to appropriate services.
- ◆ Education, employment or vocational experiences that encourage individual growth, personal responsibility and enjoyment of life.
- ◆ Safe and humane living condition in communities of their choice.
- ◆ Reduced involvement in the judicial system.
- ◆ Services that prevent and resolve crisis.
- ◆ Opportunities to participate in community life, to pursue relationships with others and to make choices that enhance their productivity, well being and quality of life.
- ◆ An unified plan

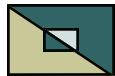

National Accreditation

- ◆ National Accreditation is required for Medicaid waiver providers within 1 year of waiver implementation or Medicaid Provider enrollment, or whichever comes later.

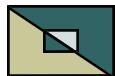

Risk Assessment

- ◆ Risk Identification Tool identifies potential risk and asks for the reason why this is a risk for this person. Review of this information creates a risk assessment.
- ◆ The risk assessment is considered during the development of the Person Centered Plan.

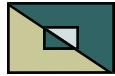

Prioritization

- ◆ The CAP-MR/DD Waiver Services Prioritization Tool is used to assess the intensity of need of individuals requesting CAP-MR/DD Waiver funding.

Participant Rights

- ◆ Individuals are notified in writing of their rights to a Fair Hearing, method for obtaining a Fair Hearing, rules that govern representation at Fair Hearings, and the rights to file grievances and appeals.

Participant Safeguards

- ◆ Protections for health and safety for individuals are included throughout the waivers. Three areas addressed are: response to critical incidents/events, safeguards concerning restraints and restrictive interventions, and medication management and administration.
